

Find an appointment

Version: 1.00 | Last Modified on 25/06/2026 12:29 pm AEST

Search the Appointment Book for all bookings that have been made for a patient, then open or delete any of the appointments found. At the end of this guide is a table explaining what the Appointment Book icons mean.

Considerations:

- Select **View > Options** to open the **Appointment Display** options and select or deselect the practice's preferences.
- The Appointment Book of the branch you logged into (the default branch) will be searched.
- The change branch, press **F3** and choose from the **Select Branch** screen.
- You can't search for a non-patient booking as the person has not been registered.
- You cannot search for Online Appointment bookings that have not been **reconciled** to a patient.

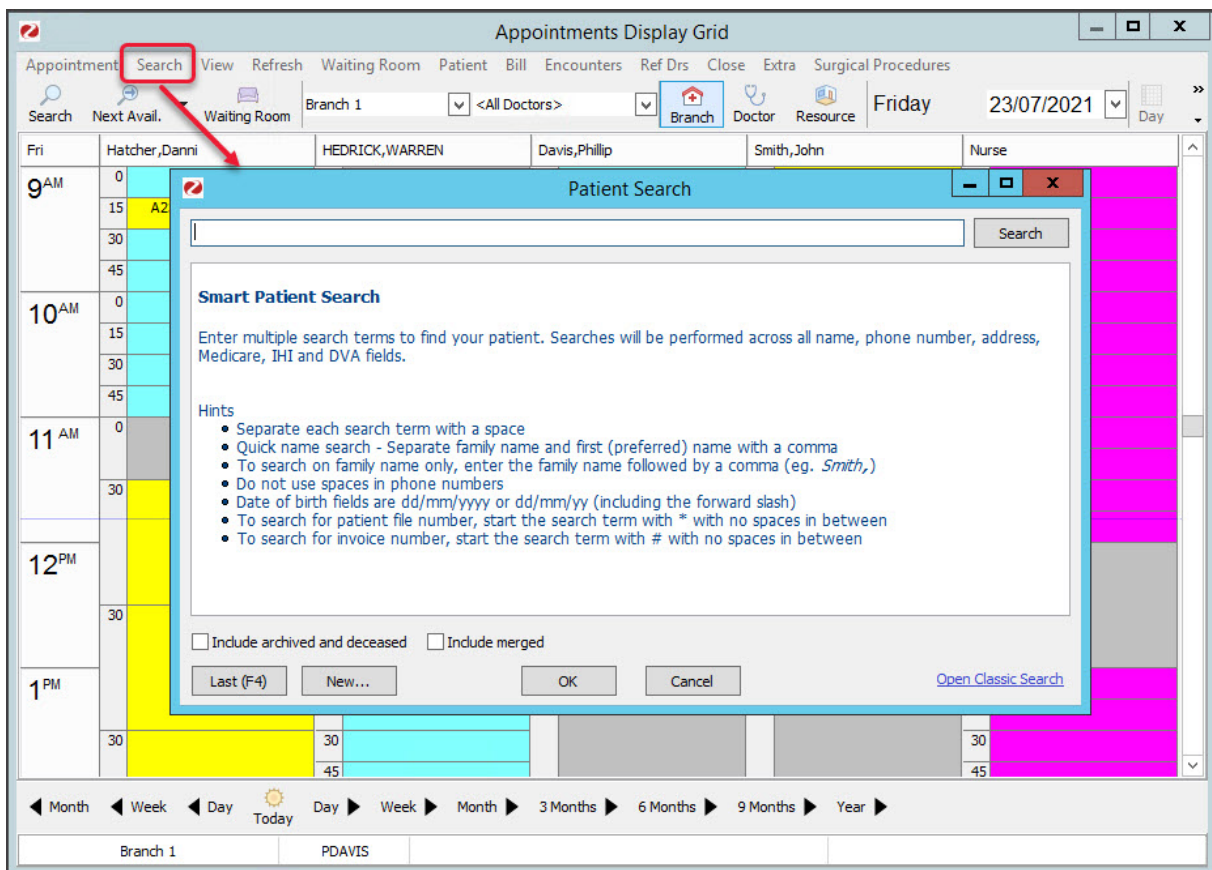

To find an appointment:

1. Go to Zedmed's **Reception** tab.
2. Select **Appointments**.
3. Select **Search > Find Appointment** from the top menu.

The **Patient Search** screen will open.

4. Enter the patient's name into the **Search** field.
5. Select **Search**.
6. Select the patient.
7. Select **OK**.

To learn more, see the [finding a patient record article](#).

The **Search for Appointments** screen will open.

It displays the patient's appointments, looking back a month (in case an appointment was missed) and forward a year.

You can perform the following actions:

- **Go to** - Takes you to the day of the selected appointment with the appointment highlighted.
- **Print List** - opens a report of the listed appointments. Select the printer icon to print it out.
- **Delete** - removes (and cancels) an unwanted appointment.

An appointment should be cancelled, not deleted. Deleted appointments are not included in the cancelled appointment report.

To learn more, see the [Cancel an appointment article](#).

- **Find** - opens the **Patient Search** screen so you can look for another patient.
- **Refresh** - if you change the **From/To** date range, you need to select the **Refresh** button.

8. Select **Close** to return to the **Appointments Display Grid**.
