

Logins & passwords

Last Modified on 20/09/2023 10:25 am AEST

Each Zedmed user logs into the software using a username and password, and the roles assigned to their account determine the screens and features they have access to.

Shortcuts to specific sections:

- [The Zedmed login](#)
- [How to reset your Zedmed password](#)
- [How to change your Zedmed password?](#)
- [How to change the branch you are logged into](#)
- [Client Portal login](#)
- [Zedmed Cloud customers](#)

The Zedmed login

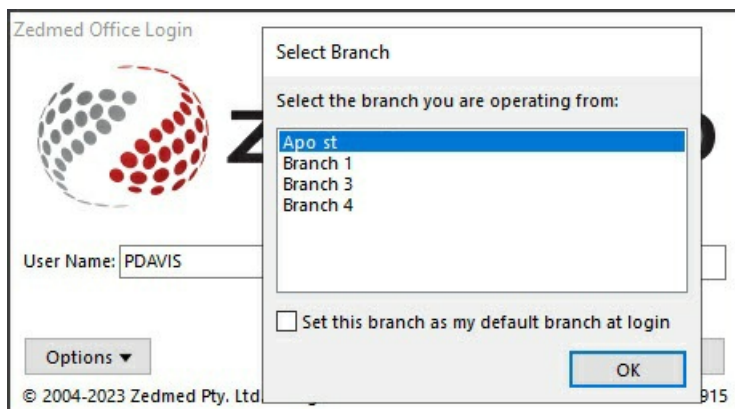

When you open Zedmed, you will be presented with a login dialog. Log in using the credentials provided by your Practice Manager or their delegated administrator.

The image shows a screenshot of the 'Zedmed Office Login' dialog box. At the top left is the Zedmed logo, and to its right is the word 'ZEDMED' in large, bold, black capital letters. Below the logo and text, there are two input fields: 'User Name:' followed by a text box containing 'PDAVIS', and 'Password:' followed by an empty text box. At the bottom left is an 'Options' button with a downward arrow. At the bottom center is a 'Login' button, and at the bottom right is a 'Cancel' button. At the very bottom, there is a copyright notice '© 2004-2023 Zedmed Pty. Ltd. All rights reserved.' on the left and 'Build 99.99.0.4915' on the right.

If your practice has multiple sites running Zedmed, you will be asked what branch you want to log into. Choose your branch and select OK.

If you tick, **Set this branch as my default branch at login**, you will automatically log into that branch in the future. You can still change to another branch while you are logged in as explained in the [section below](#).

The image shows a 'Zedmed Office Login' dialog box. On the left, there is a Zedmed logo (a stylized 'Z' with a globe) and a 'User Name' field containing 'PDAVIS'. Below the username field is an 'Options' dropdown menu. At the bottom left, it says '© 2004-2023 Zedmed Pty. Ltd.'. On the right, there is a 'Select Branch' section with the text 'Select the branch you are operating from:'. Below this is a list box containing 'Apoc st', 'Branch 1', 'Branch 3', and 'Branch 4'. 'Apoc st' is selected. Below the list box is a checkbox labeled 'Set this branch as my default branch at login'. At the bottom right is an 'OK' button. The number '915' is visible in the bottom right corner of the dialog box.

How to reset your Zedmed password

Zedmed passwords are reset by the Practice Manager and staff with administrator access. The process for resetting a Zedmed password is explained in the [reset password](#) guide.

How to change your Zedmed password?

If you know your Zedmed password, you can change it to a different password. This process is explained in the [Change Password](#) guide.

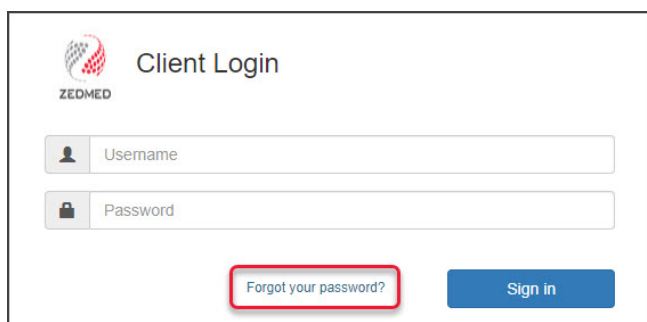

How to change the branch you are logged into

Your Zedmed accounts can be used to log into any practice branch, however, you only have access to the patients, doctors and appointments for that branch. While logged in, you can change to another branch as explained in the [change branch](#) guide.

Client Portal login

Zedmed customers log into the client portal to access updates to Zedmed Software and Fee files. The username and password is setup for the practice by Zedmed. If you forget your client portal password, there is a 'Forgot your Password' option.

You can log into the Client Portal using the login option on the top right of the Zedmed website, or directly using the URL <https://sftp.zedmed.com.au/login>.

The image shows a 'Client Login' form. At the top left is the Zedmed logo. To its right is the text 'Client Login'. Below the logo and text are two input fields: 'Username' and 'Password'. Below the 'Password' field is a red-bordered button labeled 'Forgot your password?'. To the right of this button is a blue 'Sign in' button.

Zedmed Cloud customers

Zedmed Cloud [pilot site](#) users have a password to log into the cloud platform in addition to their Zedmed login. Both logins are managed by Zedmed and Zedmed Support should be contacted for password resets. Ph 1300 933

000 or email support@zedmed.com.au.

Zedmed Cloud users can change their cloud password if they know their existing password. This process is explained in the [Change Zedmed Cloud password](#) guide.
