

Add clinical library files

Last Modified on 18/11/2024 11:10 am AEDT

The Clinical Library allows you to save files and websites that are commonly used by practitioners.

 Zedmed Clinical File Encounter Results Reference 	Library Reports Tools Utilities Help					
Open Patient Open Family	eHealth PIP Web Links Diabetes Prevention LMP GP Referral (Feb-2013).rtf Diabetes Risk Assessment Tool (Feb-2013).rtf TAC Medical Certificate Initial (Feb-2013).rtf Workcover WA 1 - First Medical Certificate (Feb-2013).rtf Workcover WA 2 - Progress Medical Certificate (Feb-2013).rtf Workcover WA 3 - Final Medical Certificate (Feb-2013).rtf	> MIMS	Address book	Travel	Batch letter	To do list
	Safescript					

Add a website to the Clinical Library

- 1. In Clinical, select **Tools** > **Global Options**.
- 2. Select the Library tab.
- 3. Select Add.

eral Communications	Letters & Templates	Scanning Re	sults Drugs	ACIR Immunisation Default	chronic Disease N	Management Library	
u can add here a list of lese hyperlinks will be v zedmedserver\zedmed\(links you would like ac isible in everyone's Libr CRS_Documents	ided to the Libra ary menu, along	ary menu 9 with any oth	er reference material, located	at:		
ite Description Safescript		Hyperlink https://www.safescript.vic.gov.au/					Add Edit
		😢 Link Detail:	5	-			Delete
		Web site title/c	description				
		Website (http	or https)				
				✓ <u>o</u> ĸ	X Cancel		

The Link Details screen will open.

- 4. Give the website a title.
- 5. Add the website URL in the HTTP field.
- 6. Select **OK** to save the **Link Details**.
- 7. Select OK to close Global Options.

Add files to the Clinical Library

- 1. Open your Windows Explorer.
- 2. Add the CRS_Documents path into the address bar.

 $\leftarrow \rightarrow \checkmark \uparrow$ C:\Zedmed\CRS_Documents

- 3. Press Enter on your keyboard.
- 4. Save the files you require in this folder. They will appear under the library menu.
