CDM plan & template changes

Version: 1.01 | Last Modified on 27/02/2026 1:21 pm AEDT

From 1 July 2025, GP management plans (GPMPs) and team care arrangements (TCAs) were replaced with a single GP chronic condition management plan (GPCCMP). The existing MBS items for developing and reviewing GPMPs and TCAs ceased, and new MBS items for the GPCCMP were introduced.

These changes will require updates to Zedmed's Chronic Disease Management module, and new GPCCMP template must be manually added to Zedmed and accessed via Quickdocs, as explained in this guide.

The impact of these changes to MBS Items for GP Chronic Condition Management Plans are explained in the PDF provided by the Department of Health, Disability and Aging via the MBS Online website.

Summary of changes

GPMP, *GPMP TCA review*, *TCA*, *TCA review*, *EPC* templates to be replaced by the new *GPCCMP* template (or referral letter).

GP Management Plan (721), Team Care Arrangements (723), Team Care - Contribution (aged), Multidisciplinary Team Care Contribution, GP Management Plan review, and Team Care Review to be replaced by the *GPCCMP plan*.

From 1 July 2025, the following MBS items will cease: GP management plans – 229, 721, 92024, 92055; Team care arrangements – 230, 723, 92025, 92056; Reviews – 233, 732, 92028, 92059.

The ceased items will be replaced with new items for GPs and PMPs to prepare and review GPCCMPs as shown in this table.

Name of Item	GP item number	Prescribed medical practitioner item number
Prepare a GP chronic condition management plan – face to face	965	392
Prepare a GP chronic condition management plan - video	92029	92060
Review a GP chronic condition management plan – face to face	967	393
Review a GP chronic condition management plan – video	92030	92061

MBS item fees

The MBS Fees file download for 1 July 2025 contains the new items for the CDM plan changes. The new items will need to be added to Zedmed and the new fees downloaded. For more information, see the Add a new Medicare Item and Update existing Medicare fees guides.

Preparing the new templates
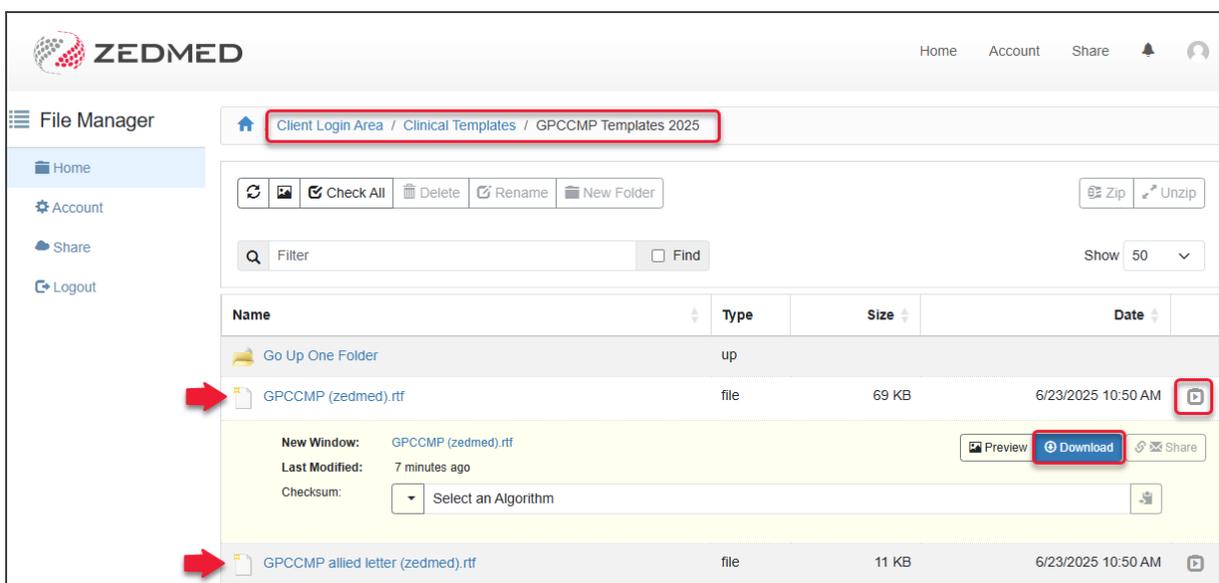

Step 1 - Download the new templates from Zedmed

1. Go to www.zedmed.com.au.
2. Sign in to the **Client Portal Login** portal with your Username and Password.
3. Select the folder called **Client Login Area**.
4. Select **Clinical Templates** > **GPCCMP Templates 2025.**

   There are two templates: **GPCCMP (zedmed).rtf** and **GPCCMP allied letter.rtf.**
5. Select the down-arrow icon on the left of the applicable template to expand (GP or Allied).
6. Select **Download**.

   How the file downloads and where it saves will depend on your web browser.
7. You can now import the template using the instructions below.

Step 2 - Import the new templates

1. Open **Clinical Records**.
2. Select **Tools** > **Clinical WP Setup** > **WP Templates.**

3. Select **File > Import Template**.
4. Select the **Browse** button to locate and select the template you want to add.
5. Enter a name for the template into the **Description** field, then select **OK**.

   The template will appear under **My Templates** in the Template selection.

   You can now add the template to Quick Documents using the instructions below.

Step 3 - Display the templates in Quick Documents

1. Open **Clinical Records**.
2. Select **Tools** > **Clinical WP Setup** > **WP Templates.**

3. Right-click the document.
4. Select Toggle available for all Users (if applicable)
5. Select **Toggle as Quick Documents button menu item** to add or remove the item from Quick Documents.

Using the new templates via QuickDocs

From 1 July 2025, the plans indicated below in the CCM module must use the GPCCMP plan template from Quickdocs in Clinical.

Use **Quick Documents** to select the GPCCMP plan template - or
Use the **Quick Document Search** icon (right icon) to locate the template (screenshot below)

Recalls

When you create a plan in the CDM module, the Associated Recalls screen allows you to add a recall for that patient if required. When using the template from Quickdocs, you will need to send a manual recall from the patient's record.
