

# Create desktop shortcut

Version: 1.00 | Last Modified on 09/04/2026 11:31 am AEST

In addition to bookmarking your Zedmed Cloud URL in your web browser, you can also create a desktop shortcut.

To create a shortcut using Chrome:

1. Navigate to Zedmed.
2. Select 3 dots/Hamburger Menu.
3. Select **Cast, Save and Share**.
4. Select **Create shortcut...**
5. Select **Create**, and a shortcut will be added to your desktop.
